**Please read the following carefully:**

Save Spot Foundation (SSF) determines the criteria for fostering, decides which animals are eligible for foster care, and appoints foster caregivers from a pre-approved list of trained providers. SSF will require you to fill out a foster application, a Save Spot Foundation Agreement, as well as follow any training or need for foster dog. SSF dog care staff may always refuse any specific request for any reason. SSF staff will inform you of any medical treatments to be administered, the anticipated length of the foster-care period, the objectives of each particular placement (restoring to health, rearing to adoptable age, socialization, transport, etc.), and any other restrictions or expectations we may have.

You will be expected to keep the animal safe and secure, return it to SSF partner shelter, Lockhart Animal Shelter when requested to do so, and not promise the animal to anyone, or imply that you have the authority to approve a potential adoption, but your opinion is valued and considered. Fosters dogs must be inside the home and given appropriate amount of time outside for potty breaks and play time. SSF retains ownership of all animals placed in your care and will make all decisions regarding the adoption & placement of the animals fostered.

Unless otherwise arranged, the foster staff will be provided all food, bedding, and toys for the animal while it is in their care at home. The foster staff is responsible for transporting the animals to and from veterinary appointments, surgery, behavior evaluations, vaccinations, etc., The foster staff is also responsible for transporting the animal to and from the shelter we have partnered. On a daily basis you will be responsible for fill out a brief daily report about your foster animal's behavior and personality.

I have read and understand the statements above. I certify that all the information contained in this application is true and correct. I understand that although SSF takes reasonable care to screen animals for foster care placement with hired foster staff, it makes no guarantees relating to the animals' health, behavior or actions. I understand that I receive foster care animals at my own risk and can decline to accept any animal for which SSF has asked me to provide care. I acknowledge that SSF is not responsible for any property damage or personal injury suffered by me, members of my household, including my own animals, or any third parties during a foster placement, and I assume liability to provide adequate controls to prevent such damage or injury. I understand that after accepting a dog into foster care, I need to give SSF a minimum of 1 week to find a replacement for its care.
